Dear Dan,

Sheila Kennedy and I wanted to be sure you received this Honor Award for Design Excellence from the American Institute of Architects in recognition of the outstanding contribution you and your team made to the Soft House Project in Hamburg, Germany. We hope that in the near future we will have an opportunity to work again and help make our planet a better place to live!

Enjoy photographs from the project at <http://architizer.com/projects/soft-house/> and if you happen to be in Venice please see the project exhibited at the Venice Biennale in the US Pavilion.

With kind regards,
