Subject: thank you for your rapid help building up BATMOD5

Want to thank you for all of your help over the past weekend. It was amazing that you were able to get us all the boards so quickly. We've made good use of the early delivery as we have all of them tested and have assembled several into the battery packs and have walked on them.

Jerry mentioned that you might all like to see what it is you have been helping with.

Here is Hugh Herr talking about the work:
